Re: Amendment in Response to Office Action

Application No. : 09/556,439
Applicant : John Kenneth Amick
Filed : 04/24/2000
TC/A.U. : 2124
Title : A VIRTUAL VOICE/COMPANY/NETWORK TOOL KIT,
METHOD, AND COMPUTER PROGRAM PRODUCT
Examiner : Paul H. Kang

Hon. Sir:

Enclosed please find amendment in Response to Office Action dated 3/21/2007, requesting that each claim be provided with the proper status identifier. In my last submission, the claims previously submitted as 32-70 were withdrawn and replacement claims were submitted with the identifier of "new." The examiner has indicated that the claims did not have proper status identifiers, so, in this submission, the claims previously submitted as 32-70 are designated as "currently amended" and the claims numbered 71-82 are submitted with the identifier of "new." The content of the claims is the same as previously submitted with the exception of the correction of a typographical error in the claim numbered 47. Hopefully, that will meet the examiner's objections.

The Office Action dated 2/07/2007 also requested amendments to the drawings, but none of the sub-boxes was checked to indicate what should be amended. I called the examiner but he was on vacation until a few days before my response was due. I called his supervisor many times, but did not receive a call back. I called the patent help center but they refused to comment and told me I had to speak with the examiner. When the examiner returned from vacation, I called him and he told me to identify the drawings as "currently amended" rather than "replacement sheet" and I have done so.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "John Kenneth Amick", written in a cursive style.
